Advertisement Material

General:

Data quantities <10 MB can be emailed to the recipient.
Data quantities >10 MB must be submitted via
www.wetransfer.com.

We work in the PC environment using
Adobe Creative Cloud.

Fonts:

As a starting point, the used fonts are to be submitted;
they can be included in a PDF or vectored before submission.

PDF:

PDF's are to be submitted in print quality 300 dpi.
TechMedia A/S is not liable for errors in the submitted
PDF material.

Photos:

Photos are to be submitted in print quality 300 dpi in TIFF
format (file name.tif) or J-PEG format (file name.jpg). Photos
submitted in lower than the requested quality can be used,
however TechMedia A/S cannot be held responsible for the
quality.

Photos from the internet are usually not of print quality.

Graphics and Logos:

As a starting point, graphics and logos are to be submitted
in Illustrator-EPS format (file name.eps) or -AI (file name.ai).
Alternatively, material can be submitted in PDF format
(file name.pdf), TIFF format (file name.tif) or J-PEG format
(file name.jpg).

Logos from the internet are usually not of print quality.

Using web and email addresses in advertisements:

It is possible to have clickable web and email addresses in
the ads in the digital issues of the printed publication.

How to do it:

- Web and email addresses must be text only
without effects of any kind
- Space must be added between web and/or email
addresses and other text
- Email addresses are to be written in full and include @
- Web addresses are to be written in full and include www.
- Correctly inserted links are created and activated
automatically and are therefore free of charge

TechMedia A/S disclaims responsibility for automatic
links working correctly.

If an advertiser requires other types of links in
advertisements, the handling fee is € 67 /each.

Contact:

We value good customer communications and are willing to
mentor and offer advice within our areas of expertise. Should
we on receipt of advertisement material have any doubts or
questions regarding the material or quality, we always contact
the customer.

For questions regarding advertising material in
InPak, please contact Marianne Dieckmann,
tel: +45 43 24 26 82 or via e-mail: md@techmedia.dk

General Information

Editorial objective:

InPak's objective is to provide trade and industry with information about packaging from process to shelf/recycling/waste, and from raw materials to finished packaging - including machines, operations, guidance, marking and control processes.

10 good reasons for choosing InPak:

- 1** InPak is Denmark's most well established packaging magazine with approx 3.000 copies distributed.
- 2** InPak plays an active role on the Danish packaging scene with distinctive viewpoints.
- 3** InPak is written and edited in a way, that is attractive to the busy professional in the packaging industry.
- 4** InPak's principal readers are decision makers among the major packers and fillers in the packaging industry.
- 5** InPak is distributed to all Danish companies taking interest in packaging labelling and logistics.
- 6** InPak brings the readers closer to national and international events of importance to the trade.
- 7** InPak's Scandinavian connections enable us to give the readers - as well as the advertisers a unique access to a major market.
- 8** InPak has well established relations, so we are always up front when it comes to exhibitions, conferences and other trade events. Readers and advertisers alike are offered the best coverage through feature articles and special issues.
- 9** InPak's professional team is always available for campaign planning or creation of advertising material.
- 10** InPak is published by TechMedia A/S - one of the largest publishers of trade magazines in Scandinavia.
